

Dear NAME

*I am writing to withdraw my child(ren) from RSE classes at SCHOOL. I have concerns about the age appropriateness and content of these classes. I would be happy to continue engaging with you about these concerns, however in the meantime please ensure my child(ren) is/are supervised somewhere else while these RSE lessons are on.*

*In addition, I also ask that my child is not exposed to or spoken to about gender identity or transgenderism during any other class and that any questions they have about this topic are referred home for us to answer.*
